TO WHOM IT MAY CONCERN

23 August 2004

Dear Sirs

Reference for Wrenco (Contractors) Ltd

I have worked with Wrenco Ltd over a number of years on two projects.

The first project (1996) was approximately £750,000 and was for the provision of a car park and road resurfacing within an existing hospital. The scheme was extremely sensitive given that the hospital was "live" and the potential to cause major disruption to the facility and/or public in general was enormous.

The second project (2000) was approximately £2.95 million for a large infrastructure project in Liverpool comprising roads and paving, sewers, dock edging, hard landscaping and public realm.

Wrenco performed extremely well on both occasions. The workmanship was of an extremely high standard, and dealings with the client/design team was always friendly and professional.

I confidentially recommend Wrenco as a competent and professional contractor and look forward to working with them in the future.

Please note this is my opinion and is given without recourse, should you require further information please do not hesitate to contact me.

Yours sincerely

D LEE
